ECKERT BARN IS DESTROYED BY LIGHTNING

Fire, caused by lightning, destroyed the barn of Howard E. Eckert, Gettysburg R. 4, Sunday evening, causing damage estimated at \$15,000.

Eckert told firemen, who were called to the farm six miles north of here on the Harrisburg Rd. at 5:15 o'clock, that he and Mrs. Eckert had been seated on the porch at their home when they heard lightning strike nearby and Mrs. Eckert felt a slight shock from the bolt.

A few minutes later, Mr. Eckert saw smoke coming from the top of the barn "like out of a chimney."

Phone Knocked Out
He called to Mrs. Eckert to summon the fire department. She found the telephone line out of order, apparently also affected by the lightning bolt.

At about this moment Eckert told Fire Chief Francis L. Linn, "the barn seemed to explode in flames."

Neighbors were summoned by Mr. and Mrs. Eckert and telephoned for the firemen.

On their arrival, the fire company found the barn beyond saving and spent their major effort in preventing the fire from igniting a two-car garage and other nearby buildings. They secured water at a farm pond.

Destroyed in the fire in addition to the barn were 40 tons of hay, four tons of fertilizer, 60 bushels of wheat, 40 bushels of oats, 100 bushels of corn, a hay loader, a hay rake and other pieces of farm equipment.

Hose Lines Cross Road
The original barn was constructed 36 years ago by Mr. Eckert. At that time it was 44 by 50 feet in size. Since then a corn crib and wagon shed had been added.

To reach the fire, firemen had to lay hose across the Gettysburg-Harrisburg Rd. slowing traffic and causing a congestion of cars for about 45 minutes despite hose bridges which permitted the vehicles to pass slowly over the hose lines while they were being used.

The loss was reported partially covered by insurance.

180 GRADUATE SUNDAY NIGHT FROM DELONE

"Practically all of you will have small unimportant parts to play in this life, but they are important to you," Right Reverend Monsignor Joseph A. Schmidt, P.A., executive secretary of the Mission Board of the Diocese of Harrisburg, told 180 Delone Catholic High School graduates at the 20th annual in the Park Theater, Hanover, Sunday evening.

Monsignor Schmidt said, "I think you ought to be proud of this small part you have to play. There may be a President of the United States here or the First Lady or the first consort of the President, but it is not the usual thing to expect that. The most important part you ought to play is that of following in the footsteps of your parents and some day seeing your children graduating here."

"The day of graduation is one of the most important days of your life. It is something to look upon forever. It is the climax of 12 years of hard work and it hasn't been easy. Your parents' contribution is the greatest. It is a real joy for them to see you here and hear your name and it hasn't been easy for them either."

Two Leaders Speak
Preceding the address, Frederick Klunk gave the salutatory address followed by the valedictory address by Charles Hemler. Rev. William R. Lyons, principal of Delone, presented the class and the Right Reverend Monsignor Patrick F. McGee, V.F. conferred the diplomas.

CLASS OF 1910 GIVEN TROPHY AT COLLATION

Five hundred "old grads" and friends of Gettysburg College attended the annual alumni collation luncheon Saturday on the campus. The class of 1910, holding its 50th anniversary reunion, was awarded a trophy for the highest percentage of class members attending. Dr. Harry F. Baughman, Gettysburg, president of the class, accepted the award. Seventy-three per cent of the living alumni in the class were present.

The graduating class of 1960 presented a gift of \$450 for landscaping around the new Student Union Building. James H. Brenneman, York, president, made the presentation to his father, Lavern H. Brenneman, a 1936 graduate, president of the Gettysburg College Alumni Association. The elder Brenneman, in turn, presented the check to Willard S. Paul, college president.

2 Receive Awards
Dr. Millard E. Gladfelter, '25, president of Temple University, and William H. B. Stevens '26, Harrisburg, immediate past alumni association president, received plaques for meritorious service. Lt. Col. E. Raymond Baublitz, '25, Bala-Cynwyd, chairman of the medal committee, made the presentations.

Alumni service certificates and citations were given to Ray A. Barnard '15, East Stroudsburg (in absentia); H. Edgar Riegler '31, Gettysburg; Mrs. Angeline F. Haines, Baltimore; Dr. Harold A. Dunkelberger, '36, college director of alumni relations, and Roy D. Miller Jr. '38, assistant director of alumni relations.

President Brenneman announced that Dr. Seymour B. Dunn, academic dean, would become assistant to the college president and acting director of development July 1 and that Dr. Charles H. Gladfelter would become acting dean.

Paul announced.

While the cost to the college per student has risen fifty per cent during the past four years, student fees have not risen proportionately. In 1956 the student paid 92 per cent of the costs of a Gettysburg education. In 1959 he paid 89 per cent, in spite of increased tuition fees.

"We need unrestricted gifts from alumni and friends during 1960-61 to cover a planned budget deficit of \$50,000," Gen. Paul stated.

The operating budget for the coming fiscal year at Gettysburg will amount to more than two and one-half million dollars.

President Paul called for expanded alumni support and announced that the loyalty fund campaign would be resumed next autumn. The loyalty solicitation, ordinarily conducted annually, was suspended during 1959-60 while the college conducted the first phase of a five-year capital funds drive.

Out Of The Past
From the Files of the Star and Sentinel and The Gettysburg Times

ONE HUNDRED YEARS AGO
Nomination Of Lincoln: The trip of the returning Delegates and others from Chicago, after the nomination of Abraham Lincoln, was one grand, joyous outpouring of the people to express their joy and gratitude at the nomination. At every stopping place, town and village along the line of the Pittsburgh, Fort Wayne and Chicago R.R. Road, could be seen from twenty-five up to fifteen hundred delighted and rejoicing Republicans. No one inquired or appeared to care what the platform was, as "Honest Old Abe Lincoln" was nominated, and they exhibited their joy by cheering and firing cannon as the train passed up until twelve o'clock on Sunday morning. From what we saw we are doubly assured that the great West will be a unit for the Chicago nominees. It will remain for Pennsylvania and New Jersey to close up the line from Maine to the Mississippi.

SEVENTY-FIVE YEARS AGO
Several Congressional Candidates: Several congressional candidates are in the field for the Adams County nomination, at the convention to be held on the 15th instant. The list includes Hon. John A. Swope, Messrs. P. H. Strubinger, Dr. A. B. Dill and Mr. H. J. Myers. Mr. Strubinger's friends are making a very aggressive fight and need watching. It is well to have this little diversion this year or Democratic politics would be very dull around this section. The faithful are becoming very impatient with the delays of the administration in the distribution of the spoils, and First Assistant Postmaster General Hay's recent letter does not give them much encouragement. They think he ought to resign and make room for some man who could work day and night "turning the rascals out."

Victor Hugo Buried: The remains of Victor Hugo were yesterday buried in Paris, with great pomp and ceremony. President Grevy and the Diplomatic Corps attended the burial. The body of the poet, author and patriot, after lying in state beneath the Arch of Triumph, was transferred to the Pantheon, escorted by a procession in which appeared all the official dignitaries and an immense crowd of citizens representing all shades of political opinion. There was an immense display of floral tributes, the composers sent a crown which cost \$400. Ireland sent a Shamrock crown. Royalists and Catholics displayed white flags.

Some of the Mormon leaders propose selling off their possessions in Utah and emigrating to Mexico.

There are less than 200 hostile Apache Indians, but in less than a week they have caused nearly as much loss of life as Riel and Poundmaker with their thousands of followers did in three months. Strong military measures should be resorted to on the part of the government.

Mr. Henry Bergh, the great friend of the dumb beast, is now devoting some attention to the human species. He proposes an act prohibiting the marriage of persons before the age of 25.

INITIATIVE
Initiative is what has built the world. Without it there would be stagnation and loss of all desire. Initiative is one of the greatest powers given to man, if put to action with a plan and purpose. You can't even dodge success. Nor can you lose its effectiveness. Some of it is born into you at birth. It's like a light in the darkness. God lights the way in a manner known only to Him.

All mankind and Nature bow to the one who has faith in himself and in those with whom he associates. We are atoms of faith in a fearful world, but the hills beyond whisper their words of wisdom far and wide. The will, and heart's desire are two great powers always awaiting use.

How is it that one person will have the priceless gift of initiative, and others will not have it? Mostly it is that the desire is not working! You have first to want—and then to will that desire into action and life. Initiative, like a watch dog, keeps a busy eye for its opportunity. The mind is forever on the alert. Were this not so, initiative would die on the vine.

Initiative is the go-ahead of our daily lives. Kept in working order its power and usefulness know no end.

Tomorrow Mr. Adams will talk on the subject: "Flowers"

Just Folks

THE DOUBTFUL TOMORROW
Whenever I walk through God's Acres of Dead
I wonder how often the mute voices said:
"I will do a kind deed or will lighten a sorrow
Or rise to a sacrifice splendid—tomorrow."

I wonder how many fine thoughts unexpressed
Were lost to the world when they went to their rest.
I wonder what beautiful deeds they'd have done
If they had but witnessed tomorrow's bright sun.

Oh if the dead grieve, it is not for their fate,
For death comes to all of us early or late.

But their sighs of regret and their burdens of sorrow
Are born of the joys they'd have scattered tomorrow.

Do the friends they'd have cheered know the thoughts of the dead?
Do they treasure today the last words that were said?

What memories would sweeten, what hearts cease to burn
If but for a day the dead friends could return!

We know not the hours that our summons shall come.
We know not the time that our voice shall be dumb.

Yet even as they, to our ultimate sorrow,
We leave much that's fine for that doubtful tomorrow.

RUDELL STITCH LOSES LIFE IN RESCUE TRY AT OHIO RIVER DAM

LOUISVILLE, Ky. (AP) —Two years ago, Negro welterweight boxer Rudell Stitch won a Carnegie medal for heroism when he saved a white man from drowning near an Ohio River dam.

Sunday, Stitch, 28-year-old father of six, drowned attempting another rescue less than 100 yards from the spot of his first heroic feat.

"He was a fine man. He seemed like an awfully nice man," said Joseph Schifcar of Elizabeth, Ind., the Army Corps of Engineers worker who was saved by Stitch in 1958. "I'm shocked over the news. I'm sick over it."

Legend Of Sportsmanship
Stitch, just back from a boxing tour of Australia and Hawaii, went to the aid of a fishing companion, Charles L. Oliver, when Oliver slipped from a ledge under the dam. Both died in the swirling waters.

Stitch built a legend of sportsmanship and service during his steady climb into boxing's upper ranks.

Once he lost an important bout in New York to Gaspar Ortega when he gave Ortega time to recover from a cut suffered from an accidental butting. He fought 34 times professionally, winning 27, losing 7 and scoring 13 knockouts. He was the third-ranked welterweight in the last National Boxing Assn. ratings.

Graduates

Miss Eleanor R. Paddock, daughter of Mr. and Mrs. Daniel A. Paddock, R. 2, graduates today from Westminster College, New Wilmington, Pa., with a Bachelor of Arts degree in Psychology and will attend the University of Pennsylvania School of social work in September. She has been awarded a fellowship from the Children's Aide Society of Pennsylvania and will work in one of their agencies in the Philadelphia area during the summer.

OFFICERS ARE TOLD GOAL IS 'LEADERSHIP'

Maj. Gen. Paul E. Reustow, commander of the Middletown Air Materiel Area, Olmsted Air Force Base, told the young officers, at the commissioning exercises of the Army and Air Force ROTC in Christ Chapel at Gettysburg College, their goal will be to provide leadership which our country needs to prevent another "Pearl Harbor."

Addressing the 48 commissioned officers and friends Sunday, Gen. Reustow said France fell in 30 days in 1870, 1914, and again in 1930. In units of time, the sword is now only 30 minutes away from the U.S. "We are in the position that France and Germany have been for centuries. Therefore, we must maintain a posture of constant alert and instant readiness," he added.

Reustow advised the graduates that, when they return to their community as a reserve, they should not let up in the striving to participate in reserve activities. They should keep themselves abreast of the new weapons and ways to fight for peace and win the war if peace fails.

"Need Leaders"
"The American people are greatest when they have a cause. All of us were better, tougher, less selfish and finer people when we had a fascist empire to get off our backs. Today we seem to have nothing to do. What else brings out greatness in people: Leaders! Even in times of peace leaders can set a nation aflame with enthusiasm. But in democracy, we need a hundred thousand of them, at all levels, in every village, town, school, factory and farm."

Gen. Reustow also announced that it was 30 years ago that he received his lieutenant's bars and launched his military career. He added it is also this month that he dons civilian clothing and relinquishes responsibility to those who follow him.

HUGE BALLOON SOARS ACROSS UNITED STATES

BRUNSWICK, Ga. (AP) — A huge balloon, described as the world's largest, soared slowly westward across the lower United States today in an experiment designed to provide more information about cosmic rays.

The 500-foot diameter balloon was moving along in the stratosphere at an altitude of 114,000 feet. It was expected to pick up speed and come down somewhere in Texas Wednesday.

The balloon carried a stack of nuclear emulsion film sheets weighing 800 pounds.

To 'Chute Film
Plans called for the \$50,000 package of film to be parachuted to earth shortly before the skyscraper balloon completes its flight.

The exposed film will be distributed to scientists of 13 nations for analysis over a two-year period.

The flight began early Sunday at the Glyco Naval Air Station near Brunswick.

The launching was termed the most perfect yet achieved by the Office of Naval Research, co-sponsor of "Project Glyco" with the National Science Foundation.

"I Wrecked It" Says 2-year-old

EVANSVILLE, Ind. (AP) — "Well, I wrecked it," beamed Richard Bevens as his parents helped him from the family car, smashed against a house after bouncing off a telephone pole. Richard is 2½.

He had disappeared a few minutes earlier, but Mr. and Mrs. Everett Bevens soon found their little boy. They heard the crash a block away. They left the keys in the car.

Richard has boasted he knew how to drive the car.

WHITE SOX GET BACK IN RACE WITH TWO WINS

By JOE REICHLER
Associated Press Sports Writer
Chicago White Sox boss Bill Veeck created a lot of excitement in the Windy City by landing such big fish as Minnie Minoso, Gene Freese and Roy Sievers in major trades since the close of last season.

There was hardly a ripple, however, when he hauled in a couple of nondescript pitchers, southpaw Frank Baumann and right-hander Russ Kemmerer, in minor transactions with rival American league clubs.

Yet it's just because of these one-time hapless hurlers that the defending champions are back in the thick of the AL pennant race today, only three games behind the first-place Baltimore Orioles.

Sox Move Up
Kemmerer, who rarely won for Washington, and Baumann, often beaten with Boston, turned in back-to-back 2-0 shutouts in the White Sox doubleheader sweep over Kansas City Sunday.

The 28-year-old Kemmerer, purchased May 18, doled out three hits to win his second since joining the Sox. Baumann, obtained in a winter trade for first base flop Ron Jackson, limited the A's to seven hits in the nightcap for his second straight shutout.

The double triumph enabled the third-place Sox to climb to within one game of runner-up Cleveland, which split with Detroit. The Indians won 9-0 after the Tigers had taken the opener 7-2. Baltimore widened its lead to two games over the Indians with a 6-5 decision in Washington. New York slapped down Boston twice 5-4 and 8-3.

Klu Scores Run
Chicago newcomers Freese and Minoso also were key operators in the White Sox' first game victory. Freese doubled in the fourth and scored on Luis Aparicio's single to end a scoreless pitching duel between Kemmerer and Dick Hall. Minoso's seventh homer added an insurance run in the sixth.

Another comparative White Sox newcomer, Ted Kluzewski, scored the first run in the nightcap after hitting a double in the second inning. Sherm Lollar's single scored him. Ned Garver, who had to leave after two innings because of a knee injury, was tagged with his fifth loss.

The Sox have won six of their last 12. Baumann and Kemmerer have been responsible for four of the triumphs.

Willie Shoemaker has led the riders the last seven years at Hollywood Park racetracks.

PHILLIES STUN PITTSBURGH ON DOUBLE UPSET

By JOE REICHLER

You'll have to pardon the Pittsburgh Pirates if they refuse to sympathize with the oft-defeated, much-depleted and last-seeded Philadelphia Phillies.

Expected to fatten up their first-place National League lead Sunday over the undermanned Phillies, who have four men in the hospital and others who at times play like sick men, the Pirates absorbed two stunning defeats in which they were held to a total of one run. The scores were 2-0 and 4-1.

In the opener, Pittsburgh managed 10 hits off Gene Conley but the 6-8 right-hander did not permit a Pirate runner to go beyond second base. The Bucs also out-hit the Phils in the nightcap, but they barely avoided being shut out again, by Jim Owens, thanks to Dick Stuart's home in the eighth.

St. Louis' 9-4 triumph over San Francisco enabled the Pirates to finish the day with a one-game lead over the Giants. Milwaukee closed to within 4½ of the lead by splitting with Cincinnati. The Braves won 4-1 after Cincinnati had copped the opener 3-2. Chicago's Cubs outslug Los Angeles 12-8.

The Phils got 5 hits in each game to hang tough defeats on Bob Friend and Harvey Haddix. First-inning singles by Bobby Del Greco and Tony Taylor and Tony Curry's scoring grounder were enough to account for the opener. Home runs won the nightcap for the Phillies. Haddix allowed but two hits in six innings but one was Ted Lepcio's first home run of the season. Cal Neuman's three-run clout off reliever Jim Umbricht in the seventh was the clincher.

By THE ASSOCIATED PRESS

Everything's coming up roses—Lancaster Red—in the Eastern League.

The second-place Red Roses trimmed Springfield's lead to two games Sunday with an 11-inning 4-3 victory over the Giants on Dave Wondra's pinch-hit single.

Catcher Terry Jones opened the Lancaster 11th with his second single of the game, moved to second on a sacrifice by Gerry Palma then was replaced by pinchrunner Jim Schandevle who scored on Wondra's single to center.

The victory, which went to reliever Fred Burdette (4-1), gave the Red Roses a two-game sweep. It also was their ninth win in the last 11 games.

In other games Stan Horvath (1-3) held Allentown to two hits and Bud Zipef drove in four runs with a homer and two singles as Binghamton shutout the A-Sox 5-0, and Reading defeated Williamsport 3-3 with a 12-hit barrage off two Grays' pitchers.

Left-hander Pete Olsen went the distance for the Indians to pick up his fifth victory against one defeat. Hal Jones belted his 14th homer and Larry Brown his third for Reading. Bob Gontkosky (3-3) was the loser.

WOODLING IS IMPRESSED BY YOUNG BIRDS

By GORDON BEARD

BALTIMORE (AP) — Gene Woodling, one of the few old Birds on the roster of the league-leading Baltimore Orioles, knows how it feels to reach the pot of gold at the end of the World Series rainbow.

If the Orioles can keep anywhere near their present pace, the 37-year-old outfielder may get that October gleam in his eyes again.

"If we're still around the top by mid-August or the first of September, we'll have the advantage in the last month with our strong pitching," Woodling said.

Have Edge In Depth

The stretch-drive pitching of Allie Reynolds, Vic Raschi and Ed Lopat, he said, was one of the chief factors in the New York Yankees' drive to five straight championships (1949-53).

Woodling played for New York during that sweep. Comparing the Yanks of that era with the surprising Orioles, Woodling rates the Yanks as more powerful at the plate, better on defense and speedier on the bases. Only in pitching depth does he give Baltimore the edge.

He's Been Fooled

But Woodling estimates he may have to revise his estimates after the young Orioles gain experience. The team includes six rookies and nine players 26 years or younger.

For the present, Woodling sums up the situation succinctly: "The Yankee teams won. We haven't yet."

Woodling frankly admits he has been fooled by the performance of the young Orioles. "If they can just hold their own now and get established, they'll be mighty rough. This club has tremendous potential and nine pitchers who can both start and relieve."

THREE TIED IN MEMPHIS GOLF TOURNEY

MEMPHIS, Tenn. (AP) — A dramatic playoff in the \$30,000 Memphis Open today had three of golf's greats swinging for top money — Ben Hogan, Tommy Bolt and Gene Littler.

They made the regulation 72 holes over the 6,500-yard, par 34-36 Colonial Country Club course in 7-under-par 273 to top a 144-man field.

It was a cliff hanger finish. Hogan, his game still shaky after a scrambling 73 that cost him the lead, birdied two under pressure to come back up. The Fort Worth hawk carded his final bird on the 18th for a final 68.

Making his run after starting the fourth round three strokes off the pace, Bolt shook off a jolting hospital bulletin to make a full steam finish with birds on 17 and 18 for a 67.

Litter Rallies

And Littler charged in from deep in the ranks, leapingfrogging 18 names on the scoreboard with a smooth 32-32-64. The slender San Diego pro had taken a 74 on his first 18 and barely made the halfway cutoff.

Bolt, of Crystal River, Fla., was on the 16th green when notified that his wife, Mary Lou, was undergoing surgery at a hospital here. She has been ailing since the birth of a son last November.

Physicians said she came through the hour-long operation in good shape. But the scheduled sudden death playoff was switched to an 18-hole round so Bolt could head for the hospital.

Lions League

Rain forced postponement of the doubleheader scheduled for Saturday afternoon at Fairfield. Dates for the replays will be announced later.

A. B. Ross, Fairfield, announced today the drawing, originally set for Saturday, will be held next Saturday at Fairfield when the Amvets meet Fairfield.

Cashtown took over sole possession of first place in the South Penn League over the weekend by copping a pair of games to extend its unbeaten winning streak to six.

In a makeup game at Harney Saturday afternoon Cashtown scored three runs in each of the fifth and sixth innings to take a 7-4 decision.

On Sunday at Cashtown the home team handed Arendtsville, defending champions, its first loss after three victories, 3-0. Cashtown hopped on Danny Bushman for three runs in the first inning and that held up as Ronnie Kump pitched two-hit ball and fanned 10 for the winners. Dick Pitzer, who relieved Bushman in the second inning, hurled shutout ball the remainder of the way and also fanned 10. Ronnie Asper clubbed a single, double and triple to lead the Cashtown attack.

Greenmount hung up its first victory after four losses and handed winning Bonneauville its fifth straight setback 9-3 at Greenmount. D. Bowers drove in four runs for the winners with a double and two singles and W. Lefler knocked in three on a double and a pair of singles. Lefler pitched good ball until he tired in the late innings, Harold Wright coming in the sixth to finish the game.

Mummasburg moved into third place by edging Hunterstown 4-2 in a well played game at Hunterstown. The winners collected eight hits as compared to three for the losers. "Doc" Fissel poled a home-run for Mummasburg in the ninth.

Score by innings:
Mummasburg 110 000 101-4
Hunterstown 000 000 200-2

Batteries: Mummasburg, Slaybaugh, Fissel and White; Hunterstown, Reichert, Duttrera and Kuhn. Harney nipped Brushtown 6-2 at Brushtown.

ROBINSON TO GO FOR PENDER TITLE FRIDAY

By JACK HAND

Paul Pender, the New York and Massachusetts world middle-weight boxing champion, will defend his limited title Friday against Sugar Ray Robinson who has worn the crown five times.

Robinson, suspended by the Maryland commission for failing to appear for a May 16 bout and later set down in New York, has escaped official wrath in Massachusetts where the commission found "no compelling reason" for going along with the suspensions.

Pender won the two-state title Jan. 22 by upsetting Robinson on a split decision at the Boston Garden, which also will be the scene of the 15-round rematch. The two judges voted for Pender by a wide margin but referee Joe Zapatas had Robinson on top.

Gene Fuller is the champion recognized by the NBA which stripped Robinson of the title May 4, 1959 for failing to defend within the specified time limit.

The Pender-Robinson rematch will be carried on NBC radio and television at 9 p.m. EST with Boston and Providence blacked out on TV for the Sam Silverman promotion.

Robinson reportedly is getting 70 per cent of the \$150,000 television money, and 30 per cent of the actual gate. Pender gets the rest of the TV and 30 per cent of the gate. That was the agreement for the rematch under the original contract. Robinson is a 9 to 5 favorite in New York boxing circles to win back the title.

The Wednesday boxing show—ABC-TV—comes from Chicago Stadium where heavyweights Eddie Machen and Alonzo Johnson will meet in a 10-round match.

Machen, a one-round knockout victim of Ingemar Johansson before the Swede won the title, has stopped Billy Hunter and outpointed Alex Miteff in his last two starts. Johnson lost to Willie Pastirano May 6.

Gettysburg College Graduates Class Of 312 Sunday Afternoon

PASTOR ASKS GRADS TO USE TALENT WELL

"When President Lincoln spoke in this town, he reminded the world that our kinsmen 'brought upon this continent a new nation — dedicated to the proposition that all men are created equal.' But Jesus takes for granted that men, as a matter of fact, are unequal and attributes this inequity to God."

"Jesus' statement runs contrary to socialistic trend in much of the world today," the Rev. Dr. Edward L. R. Elson, pastor of the National Presbyterian Church, Washington, D. C., told the graduates and friends of the senior class at Gettysburg College Sunday morning. He was the baccalaureate service speaker at services in Christ Chapel.

Rev. Dr. Elson is pastor of the church in Washington which President Eisenhower attends.

"Our modern concept of equality says 'from each according to his ability' while Jesus taught 'to each according to his ability,'" he said. Quoting the passage of Matthew 25:14-15, Dr. Elson said the current doctrine is "take from the wealthy in one way or another, and thereby raise the level of the poor by various forms of subsidy or dole."

Sympathy For Poor

"No one ever lived who had more sympathy for the poor than Jesus. Yet," he said, "to every one who has will more be given; from him who has not, even what he has will be taken away."

Rev. Elson told the graduates that "either you use or you lose your talents: What you are is God's gift to you. What you become is your gift to God."

"Talents are not only in the artistic realm. There is talent for conversation, talent for friendship, talent for sympathy or talent for homemaking. God has no time to waste making nobodies. Everyone has some talent," he said.

"We Use Or Lose"

"The more we reflect upon it the more we are certain that the Master of Life was correct — either we use or we lose our talents."

"Jesus meant that men are not equally endowed but that they are equally responsible to God for the endowments they have."

"The men in the parable did not earn their talents. They were given them by their master — by implication, God. Modern thought confirms the ancient teaching. What we are born with — the given factor, the combination of genes — is more important than anything we acquire after we are born. To educate meant to educate — 'to draw out.' Education can draw out what is there. It cannot put in what is not there. This may be comforting to some at examination seasons. We believe this native endowment to be not an accident but the gift of God."

Not Same Talent

"We are not equally endowed. Not all of us have the same talents nor are talents equally distributed. It is sad for some, but true, that those who have more to begin with find it easier to increase what they have."

"Modern pedagogy tends to confirm this point. The student with an I.Q. of 140 finds lessons come easily. He excels at them. He tends to do what he excels in; everything he learns makes it easier for him to learn more. The boy nearby finds it all he can do to keep up. His incentive often is to avoid failure or embarrassment to his family."

"There are some whose endowments are such that they succeed academically but are miserably inept in other fields. There are Ph.D.'s who cannot change a tire or tune up a motor. Albert Einstein was a genius in science but when he talked about religion he was a stark novice. Walt Mason could write poetry but he was so poor in mathematics that he mistrusted everybody who could count including his own banker and financial adviser."

Principle Of Popularity

"Personal endowment is unequal. Those who have receive more. It is true in social relations. Take the principle of popularity. One person naturally draws people to him. He is outgoing, extroverted, a natural leader. Wherever he sits is always the head of the table. Wherever he is becomes the center of interest. Another is awkward, shy, introverted. He would like to be something else, but he isn't."

"From the multi-talented man much more is expected than from the man of single talent. Jesus makes that clear in the passage in Luke 12:46. 'Everyone to whom much is given; of him will much be required; and of him to whom men commit much they will demand the more. From the able, the vigorous, the successful man, the community and the nation expect more than from the mediocre man or the ineffective one. The more able the man the heavier his responsibilities. But for him there are also greater incentives, because a man intends to measure up to what people expect of him.'"

"Thomas Jefferson was not at odds with Jesus; nor was Abraham Lincoln contradicting Christ's truth."

"What Thomas Jefferson was trying to say in the Declaration on behalf of men in his day was that in this New World we reject utterly the Old World classification of men into lord and slave, patrician and plebeian, the master and the mastered, the ruler and the ruled. All men are equally free under God. Human personality is the supreme value in the universe. Each man has his own place in God's love which no other can fill. And insofar as we can provide it, each man should have equal opportunities."

"Equality of opportunity is one thing while equality of endowment is another. Thus, no government can give, no educational system can bestow. One person enters life equipped with a strong, robust constitution, another with a frail physique. One enters with a high intelligence; another with limited equipment that makes learning come hard. . . . One girl has a pretty face; another may be frail and unattractive. One man has a permanent frown on the top of his head about the same time they get thick in the middle. And, young ladies, you might just as well resign yourselves to the fact that your own prospective mate, whatever his 'outlooks or profile, cannot be a Jimmy Stewart or Gregory Peck. And men need not expect every candidate for a mate to be a Brigitte Bardot."

BRENNEMAN IS RE-ELECTED TO ALUMNI OFFICE

Lavern H. Brenneman, York, a 1936 graduate of Gettysburg College, was re-elected president of the college alumni association and Charles W. Diehl Jr., '29, was re-elected vice president at the annual election announced Saturday morning at a meeting of the weekend at the college.

New officers are: Fred D. Dapp Jr., '43, Harrisburg, secretary; David W. Hetrick '34, Philadelphia, treasurer; Mrs. Lester O. Johnson, Gettysburg, member-at-large on the Alumni Council; Dr. Donald E. Enders '33, Camp Hill, member of advisory committee on athletics; Dr. Lewis C. Manges Jr., '28, Philadelphia, alumni representative on the college board of trustees.

The officers were installed by John S. Rice, chairman of the board of trustees, at the annual collation luncheon.

Form 3 Clubs

Alumni clubs with the highest percentage of participation in the college's current drive for funds were announced. The Adams County club was highest in the category of clubs with a membership of 500 and over. Forty-two per cent of the members of the Adams club contributed. Other clubs winning plaques for highest percentage within specified membership categories were the Baltimore, Hanover, and Western Pennsylvania organizations.

Orville B. Orner '32, Gettysburg, chairman of the alumni clubs committee, announced that three new clubs were formed during 1959-60: at Fort Lauderdale and Tampa, and Hanover. Gettysburg alumni clubs now total 37, Orner noted.

Brenneman paid tribute to Dr. Harold A. Dunkelberger, retiring director of alumni affairs who will assume the chairmanship of the college department of Biblical literature and religion, and to Roy D. Miller Jr., retiring assistant director, who will attend graduate school. The council gave Dunkelberger and Miller a rising vote of thanks.

"The alumni association is suffering a great loss in losing the full-time services of Dr. Dunkelberger and Mr. Miller," Brenneman said. Dunkelberger was elected to the association's executive committee.

PRIMARIES TO END TUESDAY; NIXON IS SURE

By D. HAROLD OLIVER
WASHINGTON (AP)—The last three presidential primaries of the 1960 pre-convention campaign take place Tuesday in New York, California and South Dakota.

None of the aspirants for the Democratic presidential nomination will pick up any pledged delegates in the final primaries. But Sen. John F. Kennedy of Massachusetts, now leading with an unofficial total of 348 convention votes, is conceded heavy reserve strength in New York and California. Nomination requires 761 votes.

Kennedy Gains
In weekend developments Kennedy picked up another 8½ votes in a poll of Nebraska's delegates. New Mexico picked a 17-vote delegation expected to add to the totals of both Kennedy and Sen. Lyndon B. Johnson of Texas, but the division has not been determined.

Vice President Richard M. Nixon gained full delegations from Hawaii, Colorado, and Washington to boost his unofficial delegate total beyond the 800 mark, with only 666 required for the GOP presidential nomination.

The tally of Democratic delegate votes, based on primary results, state convention actions, and Associated Press polls of first-ballot preferences of uncommitted delegates, now shows the following:

Figures To Date
Kennedy 348, Johnson 135½, Sen. Stuart Symington of Missouri 67½, Sen. Hubert H. Humphrey of Minnesota 51½, Adlai E. Stevenson 23½, others 176, uncommitted 299.

This adds up to 1,101 votes of the 1,521 total in the national convention.

Here is a brief outline of Tuesday's primaries:
New York — Each party will elect 86 district delegates with one vote each. Republicans later will name 10 at large to complete a 96-vote delegation. Democrats will choose 56 with a half vote each to complete a 114-vote delegation.

N. Y. Uncommitted
Both delegations in New York will be uncommitted. Carmine G. DeSapio, Tammany Hall leader and Democratic national committeeman, predicts Kennedy will have more than a majority of the 114 Democratic votes.

The Republican delegation, though unpledged, will be ready to back Gov. Nelson A. Rockefeller.

ONE OF OLDEST FEATURES NOW IN 95 PAPERS

KANSAS CITY (AP) — Curious citizens who plumped down two pennies 80 years ago for the first copy of the Kansas City Star were fascinated by an editorial page column of unusual paragraphs.

Sample items:
"Modjeska is fond of onions."
"Garfield's cousin is in the Indiana penitentiary."

"A Colorado girl has lost her leg, and her gallant lover had a pocketbook made of a piece of tanned skin from the amputated part."

Founded in 1880
The newspaper founded by robust-minded, barrel-bodied William Rockhill Nelson on Sept. 18, 1880—he imported kegs of pennies into the coin-short city to spur sales—has grown into one of America's top journals.

And that column of peppery paragraphs now known as "Starbeams," has won renown as perhaps the oldest continuous feature of its sort in the history of American daily journalism.

Even ex-city editor Charley Blood, still active at 90, isn't sure just how many men during the past eight decades have captained the "Starbeams" corner. But none has widened its fame further or faster than its present custodian, Bill Vaughan.

Vaughan is 44, tall, slender, and wears dark-rimmed glasses. He looks a lot like Cary Grant on a diet.

A Former Reporter

A former reporter, he inherited his present post 14 years ago from the late Clad (Pip) Thompson, who held the job 35 years. Since 1946, Vaughan estimates, he has written some 75,000 paragraphs. His output is now distributed to some 95 U.S. newspapers under the pseudonym of "Senator Soaper."

This work, he finds, is hard on his mind, his pants, and swivel chair.

"But I enjoy it," he added.

American newspaper readers, he has always enjoyed clever paragraphing that sums up crisply the foibles of their day. It's almost a separate American art form.

Its past practitioners range from Ben Franklin to Josh Billings, Kin Hubbard, Bert Leston Taylor, Will Rogers, Franklin P. Adams and Harry Wade, retired editor of the Detroit News, to whose encouragement and example Vaughan feels a debt he is glad to acknowledge.

Vaughan himself has few, if any, peers as a one-paragraph Boswell of the passing scene. He needs pomposity and pretense, but he writes with a mellow warmth and understanding that have no room for bitterness.

"I don't know much about people," he said, "but I've always had good luck with them."

Born Over Store

Bill was born on the second floor of a St. Louis pharmacy, and he is founder of the Society of People Who Were Born Over a Store.

Asked his goal, he said: "To live one paragraph at a time."

Here are a few recent paragraphs that show the flavor of his humor:

Recent Stories
"On the bus the other morning were two worried fathers. One didn't know where his kids went on Saturday nights, and the other one did."

"An acquaintance who lives near an airport says that the jets no longer bother him, now that the power lawnmowers have drowned them out."

"When it comes to buying happiness," says the man at the next desk, "poverty isn't a bit better than money."

CARPENTERS IN 12 COUNTIES GO ON STRIKE

PITTSBURGH (AP) — Some 600 carpenters are on strike against members of the Keystone Contractors Assn. in 12 western and central Pennsylvania counties.

Members of the Carpenters District Council of Pittsburgh walked off the job Friday in a wage dispute. No new bargaining sessions are on tap.

"We told them we're ready to bargain at any time they see fit," Carl T. Westland, head of the council, declared Sunday. "It's up to them."

According to Westland, bargaining was conducted on a county basis.

"The contractors in Clearfield, Cambria, Somerset, Bedford, Blair, Clinton, Centre, Mifflin, Fulton, Franklin, Indiana and Huntingdon counties didn't meet our demands, so we struck," he said.

Contractors from other 17 counties in the council district are not affected by the walkout.

Westland said the union is seeking a one-year contract providing an average hourly pay increase of 12½ cents in June, another 12½ cents in December and a 10-cent increase in April. Carpenters averaged \$3.22 an hour under the old pact which expired June 1.

Analyst Believes Khrushchev Is Stooze Of Military Chiefs Now In Control Of All Russia

By WILLIAM L. RYAN
Associated Press News Analyst
BERLIN (AP)—Nikita Khrushchev's latest diatribe against Western leaders leaves the strong impression that the huge and mighty Soviet Union is under the control of military leaders.

Khrushchev has been performing lately almost like a figurehead leader—and one whose statements, in their broad outlines, have been dictated to him.

The crude embellishments apparently are Khrushchev's own contribution—the name-calling and threats. The man who outwardly is the sole boss—the premier of the Soviet Union and the first secretary of its Communist party—acts like one over-anxious to prove to superiors how willing he is to carry out their instructions.

Called Red Cloak
The latest Soviet proposals, as outlined by Khrushchev, will be viewed by Western leaders as a transparent cloak for the ambitions of Communist imperialism. Soviet communism will take a disarmament agreement only on its own terms, and these terms are clear in Khrushchev's statements. If disarmament is to be policed, Khrushchev says, this must be "exclusively for purposes of preserving peace between peoples, and not for suppressing peoples who are fighting for their independence and social progress and not for intervention in the internal affairs of states."

"Communist Jargon"
This is Communist jargon. The so-called struggle for "independence and social progress" is an Aesopian way of referring to the

aggressive expansion of communism.

Resistance from the West to Communist attempts to envelop and imprison a nation becomes, in this language, "intervention in the internal affairs" of the state in question.

One factor standing in the way of Communist expansion is the network of American bases surrounding the Soviet Union. Khrushchev demands liquidation of foreign bases. The Soviet Union has no bases that it considers foreign, since it completely dominates the Communist states under its control.

Uses Vague Terms
The rest of the Khrushchev proposal is couched in vague terms, but adds up to nothing more than he has said already. The big difference between the Khrushchev of today and the Khrushchev of first made the disarmament proposal before the United Nations last September is that today's Khrushchev seems to have been pulled down off his private cloud and given a strict line to follow. If he deviates from this line, the signs indicate, the army will replace him.

HARTFORD, Conn. (AP)—Connecticut had the nation's safest highways last year with a traffic death rate of 2½ deaths for each 100 million miles of travel. The National Safety Council said the state will receive an award for its accident prevention program. Connecticut inaugurated a tough program of license suspensions for convicted speeders in 1955.

Arrest Teacher For Beating Pupils

PHILADELPHIA (AP)—A substitute gym teacher at a disciplinary school has been arrested in the beating of a pupil.

Robert Scott, 14, told police Friday that William Hunter, 42, beat him with a club Wednesday in the basement of the Octavious Catto school. Scott was treated for bruises at a hospital.

Police said Hunter told them he struck the boy with a sneaker, not a club. He was charged with assault and battery, and suspended by the school.

The Catto school is attended by pupils other public schools could not handle.

TWO U. S. FOES ARE SCOLDED ON SATURDAY

WASHINGTON (AP)—The United States has fired back at the increased salvos of criticism coming from the Soviet Union and Cuba.

Within a period of a few hours Saturday, the State Department: 1. Said it was disgusted with Soviet Premier Nikita Khrushchev's bitter attacks on President Eisenhower. It accused Khrushchev of trying to degrade international relations and confuse the issue of the Paris summit conference collapse.

2. Protested to Havana that the Fidel Castro regime was building an intense official campaign of slander against the United States. It said the Cuban government was trying to sow distrust and animosity while claiming to seek friendship and understanding.

Ike Strikes Back
President Eisenhower, without naming Khrushchev, also hit back at the personal criticism of him which has been coming from Moscow.

In a commencement address Sunday at the University of Notre Dame, he deplored as "the enemies of human dignity" the leaders who "brandish angry epithets, slogans and satellites."

Earlier, Eisenhower had said in a talk at West Point, N.Y., that Khrushchev's "ill-tempered expressions" had made the Western alliance stronger than ever. That time he mentioned the Soviet by name.

The weekend statement issued by Secretary of State Christian A. Herter through the State Department was aimed directly at Khrushchev and his "personal attempts at vilification."

"All America, I am sure, shares the disgust I feel at the ill-tempered attacks emanating from Mr. Khrushchev," Herter said. "His remarks reflect credit neither on himself nor on his government."

There was no immediate Soviet reaction to the statements by Eisenhower and Herter.

CHEVROLET

OUT WHERE THE COUNTRY CAN TEAR A TRUCK TO PIECES—

Chevy middleweights get 1/3 more work done in a day!

Where they used to deliver 2,300 gallons of liquefied petroleum gas in other trucks, Petrolane Gas Service of Long Beach, California, can now deliver 3,500 gallons a day! That's 7 days a week usually, over back trails and up into high rock country with maximum GVW loads. And with Chevy's Torsion-Spring Ride paving every foot of the way! "You don't get any more jolting on washboard roads than you do in a passenger car, or any sideways on curves," says driver Bernie Stone. "I used to take some rough roads at from 5 to 8 miles an hour. Now I can go 30 over them." Petrolane has over 200 Chevrolets hauling for them.

If you think we're excited about Chevy's independent front suspension, you ought to talk to the truck owners who are profiting by it. They'll tell you Chevy's torsion-spring design is the hottest thing to hit the industry since trucks began. Drive one—that's the proof, short and sweet.

14 ACCIDENTAL DEATHS IN PA. OVER WEEKEND

By THE ASSOCIATED PRESS

Eleven persons were killed in traffic accidents and three others drowned, pushing the weekend death toll to 14 in Pennsylvania. It marked the first time in six weeks the toll fell below 15.

The only multiple traffic fatality occurred Saturday on the Pennsylvania Turnpike near the Lancaster-Reading Interchange. Three cars piled up, killing John Lazar, 29, a Warwick, R. I., sailor, and Mrs. Angie Matten, 29, of Reading. Police said Lazar's car swerved into the wrong lane and collided with the auto in which Mrs. Matten was riding. A third car crashed into the wreckage. Seven other persons were injured.

Two of the drowning victims were John J. Sieboda, 40, and his son, Allen, 5, of Blakely, who had been out for a Sunday drive. They stopped at a reservoir near Scranton and the son apparently fell off a retaining wall. The father died in a rescue attempt. Their bodies were recovered from 20 feet of water near the retaining wall.

Swimmer Drowns
The other drowning victim was James E. McCale, 20, of Philadelphia, who according to a friend, was treading water when he suddenly went under in Neshaminy Creek in Halmerville, Bucks County. The accident occurred Sunday.

Two children were among the victims. They were Kevin Walters, 6, of Erie, who was killed Sunday by a car at Presque Isle State Park, and 16-month-old Mary Ann Anderson, of Pleasantville, who was injured fatally Saturday when an auto driven by a 13-year-old boy backed over her. Coroner Robert Halverson of Somerset County said Mary Ann was playing in the driveway of a nearby residence when Thomas Bowser backed the car over her. The death was ruled accidental. Halverson said the boy didn't know Mary Ann was in the driveway.

The other victims: Emporium—Ronald LaBrode, of DuBois, killed Sunday when his motorcycle swerved into a guard rail on Route 120 near this Cameron County town.

Will Send Balloon To Stratosphere

BRUNSWICK, Ga. (AP)—Another attempt will be made to send a huge balloon into the stratosphere to obtain data on high velocity cosmic rays.

The date will depend largely on atmospheric conditions. The first attempt ended in failure Friday when lightning struck what was described as the world's largest balloon, tall as a 50-story building, at 17,500 feet.

The balloon fell to the ground four miles northwest of Darien, Ga., about 20 miles from the Glynnco Naval Air Station at Brunswick where it was launched. The flight lasted 1 hour and 15 minutes.

CHURCHMEN TO ASK STAND ON RACE BETTING

HARRISBURG (AP)—The Pennsylvania Council of Churches today called on candidates for the Legislature to state publicly in the coming election campaign where they stand on the issue of legalizing pari-mutuel betting at flat races.

"We think this is one issue that should be discussed so that the voters go to the polls in November to choose their state representatives," the Rev. George I. Evans, head of the council's Division of Social Relations, told a newsman. He said the council will ask local church groups to encourage discussion of the issue. The council includes 18 Protestant denominations with some three million members.

Hear Of New Plans
Rev. Evans said he already has heard talk that an effort will be made in the 1961 session to pass a bill calling for a statewide referendum on the questioning of legalizing pari-mutuel wagering at flat races.

Past attempts along this line in the Legislature have failed. But supporters of the move got some encouragement in the 1959 session when a measure passed and became law to permit county referenda on the question of legalizing betting at harness races only.

To Form Policies
The council put on a statewide campaign to get the plan defeated when it was voted in 14 counties at the April 26 primary election. Six counties approved it.

Rev. Evans also disclosed the council was planning studies in the coming months to formulate a position on the issues of capital punishment and church property tax exemption.

The Legislature passed but Gov. Lawrence vetoed a proposal in the 1959 session to exempt parsonages from property taxes. Only church themselves are exempt now.

Accuse 2 Men Of Stealing Linen

PHILADELPHIA (AP)—A manager and a salesman for a linen company have been arrested in the theft of more than \$100,000 worth of linens from the company.

Detective Russell Blewitt said Louis A. Lamberto, 44, of Darby, was arrested Friday with a load of stolen linens from the Pennsylvania Linen Rental Service Inc.

Blewitt said Lamberto, a salesman, admitted the thefts and implicated Albert L. Haigh, 45, of Philadelphia, the plant manager. Haigh was arrested with marked bills police had given Lamberto to pass to him. Blewitt added.

The two had been with the company 17 years.

Ike, Canadian Work For Peace

WASHINGTON (AP)—President Eisenhower and Canadian Prime Minister John G. Diefenbaker have reaffirmed their determination to continue to work for peace with justice.

They agreed that particular attention should be given to ending nuclear testing under effective international control and to working toward general disarmament.

This was the essence of a joint communique issued today at the White House on the Eisenhower-Diefenbaker talks Friday.

The communique was issued shortly after the Canadian Prime Minister had taken off for a flight to Winnipeg. He told an airport group that U. S.-Canadian friendship provides a model relationship for the whole world.

29 TO LIVE IN BOMB SHELTER

PITTSBURGH (AP)—Twenty-nine persons, ranging in age from seven to 72, are living in a nuclear fallout shelter until June 19 so scientists can study their reaction.

The volunteers went into the little cubicle in the city's Shady-side district Sunday. The test was designed by the American Institute for Research for the Office of Civil Defense Mobilization.

The institute seeks to learn the most efficient way to construct shelters and prepare the public for living in them in case of a real disaster.

During the two weeks, the 29 men, women and children will not make a sound that will not be recorded on stereophonic tape. They will be observed by scientists and doctors through one-way windows.

The shelter is supplied with canned cooked foods which can be heated on a two-plate electric stove. There is water for drinking and food preparation, but only about one gallon a day per person. Washing must be done in buckets.

The volunteers are sleeping on bunk beds which measure 6 feet by 2 feet.

Search For Ideal Wife Ends In Jail

SAN FRANCISCO (AP)—Frank E. Gratto has spent much of his adult life in search of the perfect woman.

By the time he figured he'd found her, he was wanted on a charge of polygamy.

"We know of seven wives. There may be as many as 13," San Francisco Police Inspector Kenneth Manley said Friday.

The 37-year-old house painter was jailed after police fired three shots and flushed him from a crab apple tree in Golden Gate Park.

He was living with Mercedes Yates, 33, his perfect woman. Police came to their apartment and showed Gratto a Portland, Ore., warrant charging him with polygamy. Gratto fled out a bathroom window and ran to the park.

Foreign Girls OK
"I was just trying to find the right woman," Gratto explained. "I have found through humiliating experience that the American woman is spoiled—spoiled rotten. They are. They don't respect the male. They're not good. All they want to do is sit around."

Mercedes, who is not his wife, is different, he said.

"She's from Guatemala," he added. "Foreign girls are all right."

She's the mother of his nine-month old daughter, Cheri. He didn't marry her because "we did not want to break the law again."

Police aren't quite sure how many wives Gratto has accumulated, and he's not saying.

Dorothy Demay of Portland, who signed the complaint that jailed the lean, dark-haired Gratto, said that "he's no good."

"He took my wedding ring when he left," cried Isabelle Bentley of Berkeley, Calif.

After advising Mercedes to "go to the welfare people" for help, Gratto went to his cell.

"I just want to settle down with a family," he sighed.

Ken Germann and John Wellington, both former Columbia athletes, are on the Lion football coach staff. Germann has the freshmen and Wellington is his assistant.
